I am a passionate web developer that is looking for a profile to use my skills and learnings and gain experience in the working field. Enthusiastic and detail-oriented Full Stack Developer with a passion for building scalable web applications. Seeking a challenging role to contribute my skills in web development and problem-solving to drive business success.

### WORK EXPERIENCE

#### Frontend Intern • Internship

Leverage Edu • 01/2023 - 04/2023

- Enhanced frontend functionality by implementing responsive design techniques during my internship, ensuring user interaction across mobile and desktop devices.
- During my 3-month internship, I gained valuable experience and knowledge in the field of Technical Development and furthermore developed key skills that are essential in an office environment.
